HOA Services Announces Online Account Access!

We are excited to announce effective November 1, 2016, all owners will have the ability to view their HOA account online! For most of our customers being able to view your account with the click of a mouse is something we have all come to expect, but there is so much more you can do when you choose to access your account online.

You can view billing and payment histories in real time, make credit card payments directly through the online portal and enroll in other account features, such as receiving your monthly HOA dues statements and other HOA correspondence by email!

To Setup Your Account Online (Access the Online Portal)

Step 1: Go directly to the portal at <https://online.hoaservices.net> or click the “Homeowner Login” button on the left hand side of the HOA Services webpage (www.HOAServices.net)

Step 2: Click the link to “Register for a Login” below the login section.

Step 3: Enter your account number (included above your name and address on the mailing label for this budget) and your email address. You will be sent a confirmation email with a link to continue creating your account by setting a password.

To Set Your Mailing Preferences

Once in the online portal, click the ‘Profile’ button at the top navigation bar.

You can add email addresses to your profile and determine which email addresses receive association mail from the ‘Email Information’ tab (far left tab) by clicking on/off the ‘Use for Mail’ button.

Once you have determined which emails will receive association mail, the far right hand tab (Mailing Preferences) will allow you to select to receive documents by either mail, email or both.

Please note that STATEMENTS can only be sent via mail OR email presently – not both. If both boxes are selected, statements will be mailed only. All other documents can be set to either mail or email or both. Be sure to click the “Save Changes” button at the bottom of the page before exiting.

Any changes that you make within the online portal are directly linked back to the offices at Homeowner Association Services and vice-versa; any changes made in our system are immediately viewable from within the portal.
